## Arcam expands in the UK and Ireland with new sales and support office in Warwick

Arcam AB, listed on NASDAQ Stockholm, and leading supplier of Additive Manufacturing technology, is expanding in the UK through a new sales and support operation. Arcam Cad to Metal Ltd is based in Warwick and headed by Managing Director Nigel Bunt.

Arcam is active in the UK and Ireland since more than 10 years. With an installed base of around 25 systems and significant clients like GKN, Rolls Royce and Airbus, the UK and Ireland are important markets today with a great potential for the future. The new operation based in Warwick will provide sales, support, spare parts and consumables for clients in the region. Arcam Cad to Metal Ltd was founded in 2013 and currently employs five staff.

"We are enthusiastic about this important step in strengthening local support for our clients and we welcome Nigel as part of our global team. Nigel has a solid background in the Additive Manufacturing Industry, having previous experience with EOS, Stratasys and Arcam in the UK", says Magnus René, CEO of Arcam.

"With the infrastructure and a talented team now in place in Warwick, we are well positioned to support our customers locally and I look forward to continued growth of our business in the UK and Ireland", says Nigel Bunt, Managing Director of Arcam Cad to Metal Ltd.
