We have reviewed the accompanying statement of financial position of HS Orka hf. as at 31 March 2015, the statements of comprehensive income, changes in equity and cash flows for the three-month period then ended, and notes to the interim financial information. The Board of Directors and CEO are responsible for the preparation and presentation of this condensed interim financial information in accordance with IAS 34 *Interim Financial Reporting*. Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34 *Interim Financial Reporting*.

The fair values of financial assets and liabilities, together with the carrying amounts shown in the statement of financial position, are as follows:

	31.3.2	015	31.12.2	2014
	Carrying	Carrying Carrying

Fair value of other financial instruments is equal to their carrying amount.

Interest rates used for determining fair value for disclosure purpose

The interest rates used to discount estimated cash flows, where applicable, are based on the government yield curve at the reporting date in the case of ISK denominated debt, embedded derivatives and bonds. For foreign denominated debt the discount rates are based on interbank rates. All discount rates include an adequate credit spread, and were as follows.

Interest rates used for determining fair value:

	31.3.2015	31.12.2014
Embedded derivatives in power purchase agreements (USD)	1,16%-3,28%	1,26%-4,84%
Bonds	5.0%	5.0%
Interest bearing long term liabilities	Libor + 250 bp	Libor + 250 bp

Currency and interest rate swaps are discounted at swap rates for foreign currency denominated legs and the Housing Finance Fund curve for ISK CPI indexed legs.

Fair value hierarchy:

The table below analyses assets and liabilities carried at fair value, sorted by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).
