#### About NeuroVive

NeuroVive Pharmaceutical AB (publ), the mitochondrial medicine company, is developing a portfolio of products to treat acute cardiovascular and neurological conditions through mitochondrial protection. These medical conditions are characterized by a pressing medical need and have no approved pharmaceutical treatment options at present. NeuroVive's products CicloMulsion® (myocardial infarct) and NeuroSTAT® (traumatic brain injury) are currently being evaluated in phase III and phase II studies, respectively. NeuroVive's research programs also include development of treatments against brain injury in stroke patients, and drug substances for cellular protection and treatment of mitochondrial disorders causing energy deficiency. NeuroVive's shares are listed on Nasdaq, Stockholm, Sweden.
