New exercise and forward/future prices have been rounded off to two decimal places and received an “X”, or, if the series have been recalculated before, a “Y” in the series designation. As a result of the adjustment the number of shares per contract has increased to 101, or if the series have been recalculated before, to 102, after rounding to the nearest full share. The exercise and forward/future prices have decreased. The series will also receive new ISIN-codes which will be published in a separate exchange notice later today. The rounding off of forward/future prices was made “trade by trade” and not on the net position.

Members are encouraged to ensure that clients are aware of the above-mentioned adjustment.
