

Press release 15 June 2015

Semcon appoints Johan Darsbo as the new President of business area Engineering Services International

Johan Darsbo has been appointed President of business area Engineering Services International. Johan has worked at Semcon since 2012 and most recently served as vice president of the business area. Before that he was responsible for Semcon's engineering business in the UK.

He has previously held various positions in product development at Saab Automobile/General Motors and has extensive experience in the international automotive industry.

“Johan's experience will further strengthen Semcon in our efforts to deliver innovative engineering services in our international markets. As vice president he has demonstrated strong business acumen and I welcome him in his new role,” says Markus Granlund, President and CEO.

He will take up his position on 1 July 2015 and will be part of the group management team.
