## PRESS RELEASE

LINKÖPING, JUNE 26, 2015

# High-tech manufacturer invests in IFS Applications 9

**IFS**, the global enterprise applications company, announces that a global high-tech manufacturer based in Northern Europe has chosen to invest in **IFS Applications™ 9**. The agreement includes licenses and services valued at approximately Skr 11.5 million.

The IFS solution will help the company enhance its core business processes, comprising high-tech manufacturing and service management.

“We are very pleased to note the growing interest in the latest version of our ERP suite, IFS Applications, among both new and existing clients,” IFS Scandianvia CEO Glenn Arnesen said. “With our long and successful track record of supporting some of the world’s leading manufacturers, we believe we can offer products and services that are unique in the market.”

IFS Applications delivers software for high-tech manufacturing used by original equipment manufacturers (OEMs), electronic manufacturing services (EMS), suppliers and distributors in the electronics and semiconductor industries in complex order-driven and mixed-mode manufacturing environments. Manage entire lifecycle of products, assets and services—fully integrated with financials and human resources. Quality and traceability tools are embedded, and sustainability regulation and mandates are supported with our unique Eco Footprint Management module.
