The Executive Board

**Terms and conditions of Realkredit Danmark's auction to be held from
10 to 14 December 2007**

Auction

The auction will take place at OMX The Nordic Exchange Copenhagen's mortgage-issuing sub-market. The Dutch auction principle and hidden call method will be used. Under the Dutch auction principle, all bids above the cut-off prices will be settled in full at the cut-off prices.

For bids at the exact cut-off price, proportional allocation may be used. All bids below the cut-off prices will not be settled. Hidden call means that the bidders can only see their own bids, whereas the issuer can see all bids.

Decimal points

Investors may place their bids at prices with up to three decimal places for 1-year bonds maturing in 2009 in both the 10S and 10Q series.

For the rest of the securities identification codes offered, bids may contain only two decimal places.
