

Largest enterprise solutions contract to date from large Japanese Financial Services Company of 29,000 Anoto digital pens.

Lund – 7th August 2015 - a large financial services company in Japan have granted a contract to Anoto and its consortium partners for the roll-out of 29.000 Anoto Live Pen™ 2 Pro with digital writing software. Anoto's part of the contract is of 37 MSEK and is planned to be delivered in Q4 of this year.

The customer's sales force will use Anoto Digital pen and paper as an integral part of their new insurance policy sales process. The Anoto digital pens, which will be used to fill in medical and personal information as well as the personal signature, are equipped with a camera for recording personal identification of customers for regulatory compliance. By using this solution, the customer will improve internal process handling by eliminating scanning and re-keying of contracts and will minimize paper consumption.

"Anoto technology is well established in financial services worldwide. This new and exciting project with our consortium partners, is Anoto's largest enterprise solutions contract to date and yet another example of industry acceptance of digital writing in the enterprise", says Stein Revelsby, CEO Anoto Group. "Authenticity, efficiency and ease of use are key success factors for enterprises transition to a digital workplace."
