

PRESS RELEASE

Enea signs a 630 KEUR Enea OSE deal

STOCKHOLM, Sweden, August 28, 2015. Enea (NASDAQ OMX Nordic: ENEA) has signed an agreement worth 630 KEUR over four years with a Russian development company where Enea will provide the Enea OSE RTOS product to be deployed in a rover for a European space exploration program.

"We are very proud that this contractor to a European space exploration program have chosen our operating system. It is exciting that Enea OSE will be running in this rover operating in space and it is yet again underlining the core strengths of Enea OSE like high performance realtime capabilities and meticulous quality throughout the product. I also want to emphasize the ability of our engineering organization that has impressed this customer throughout the prospecting phase and will continue to do so going forward." said Anders Lidbeck, President and CEO for Enea.

This information is such that Enea AB (publ) is to publish in accordance with the Swedish Securities Markets Act and/or the Financial Instruments Trading Act. The information was submitted for publication on August 28, 2015 at 13.00 CET.
