

BAVARIAN NORDIC

Company Announcement no. 25 / 2015

Bavarian Nordic issues Financial Calendar for 2016

COPENHAGEN, Denmark - September 11, 2015 - Bavarian Nordic A/S (OMX: BAVA, OTC: BVNRY) today announced its financial calendar for the year 2016.

March 15, 2016	2015 Annual Report
April 20, 2016	Annual General Meeting
May 13, 2016	First quarterly report (Q1) for the three-month period ended 31 March 2016
August 17, 2016	Half-year report (Q2) for the six-month period ended 30 June 2016
November 9, 2016	Third quarterly report (Q3) for the nine-month period ended 30 September 2016

Pursuant to Article 12 of the Articles of Association, shareholders who wish to submit a request for proposals for consideration at the Annual General Meeting must lodge this with the Company no later than Thursday, March 10, 2016.

Moreover, it should be noted that Bavarian Nordic in a period of two weeks before planned publication of quarterly reports (silent periods), will not comment specifically on developments or financial issues and expectations.

About Bavarian Nordic

Bavarian Nordic is a biopharmaceutical company focused on the development and manufacturing of cancer immunotherapies and vaccines for infectious diseases. Through a long-standing collaboration with the U.S. Government, Bavarian Nordic has developed a portfolio of biological countermeasures, including the non-replicating smallpox vaccine, IMVAMUNE[®], which is stockpiled for emergency use by the U.S. and other governments. The vaccine is approved in the EU (under the trade name IMVANEX[®]) and in Canada. Bavarian Nordic and its partner Janssen are pioneering the development of an Ebola vaccine, which has been fast-tracked by authorities in response to the current situation in West Africa. Additionally, in collaboration with the National Cancer Institute, Bavarian Nordic has developed a portfolio of active cancer immunotherapies based on its versatile pox-virus based technologies, including PROSTVAC[®], which is currently in Phase 3 clinical development for the treatment of advanced prostate cancer. The company has partnered with Bristol-Myers Squibb for the potential commercialization of PROSTVAC.
