Cybercom wins SEK 38 million order

One of Cybercom's international customers placed an order worth about SEK 38 million. The contract is for one year with an option to extend.

"The order is strategically vital for Cybercom," says Patrik Boman, president and CEO of the Cybercom Group, "because it gives us opportunities for additional projects and assignments. This key customer demonstrated enormous trust by allowing us to take responsibility for business-critical parts of the operation. The order strengthens our position and will lay the groundwork for continued growth and recruitment."

The contract involves about 30 consultants for one year, with an option to extend.

About Cybercom

The Cybercom Group is a high-tech consultancy that offers global sourcing for end-to-end solutions. The Group established itself as a world-class supplier in these segments: portals, mobile solutions, embedded systems, e-commerce, and business support systems. Thanks to its extensive industry and operations experience, Cybercom can offer strategic and technological expertise to these markets: telecom, Internet, and media (TIM); banking and financial services; automotive; national defence; and the public sector. The Group employs about 1300 persons and runs projects worldwide. Cybercom has offices in Denmark, India, Poland, Singapore, Sweden, and the UK. Since 1999, Cybercom's share has been quoted on the OMX Nordic Exchange. Find out more at: www.cybercomgroup.com.
