PRESS RELEASE

LINKÖPING, SEPTEMBER 29, 2015

International service company upgrades to IFS Applications 9

The company will optimize field service management throughout its workforce comprising some 1,700 service technicians and back office staff in the Nordic region

IFS, the global enterprise applications company, announces that a leading provider of environmental services, has chosen to upgrade to **IFS Applications™ 9**. The agreement includes licenses and services valued at approximately SKr 35 million. This includes a total of SKr 10 million in license revenue.

Headquartered in Stockholm, Sweden, the company is a leading international provider of environmental services. The company has decided to upgrade to the latest version of IFS Applications to continue to empower its field service and back office staff with leading ERP and field service management functionality.

In addition to upgrading to IFS Applications 9, the company has chosen to implement additional features such as IFS Mobile Workforce Management and IFS Mobile Work Order.

“We offer a combination of comprehensive ERP support and best-in-class field service management capabilities that is unique in the market,” IFS Scandinavia CEO Glenn Arnesen said. “Up-to-date real-time information accessible in an intuitive way is just one aspect of what we provide with our solution for the service provider space.”

About IFS

IFS™ is a globally recognized leader in developing and delivering enterprise software for enterprise resource planning (ERP), enterprise asset management (EAM) and enterprise service management (ESM). IFS brings customers in targeted sectors closer to their business, helps them be more agile and enables them to profit from change. IFS is a public company (XSTO: IFS) founded in 1983 and currently has over 2,700 employees. IFS supports more than 2,400 customers worldwide from its network of local offices and through a growing ecosystem of partners. For more information visit: www.ifsworld.com.
