PRESS RELEASE

Oasmia Pharmaceutical AB Announces Closing of U.S. Initial Public Offering of American Depositary Shares and Warrants and NASDAQ Listing

NEW YORK, NY –October 29, 2015 – Oasmia Pharmaceutical AB (NASDAQ: OASM), is a specialty pharmaceutical company focused on innovative treatments within human and animal oncology (“Oasmia” or the “Company”). Oasmia’s product and product candidates utilize a proprietary, nanoparticle formulation technology that is designed to facilitate the administration of intravenously-delivered active pharmaceutical ingredients, without the addition of toxic solvents. Oasmia announce the closing of a U.S. underwritten public offering of American Depositary Shares, or ADSs, and one warrant to purchase such ADSs for each two ADSs sold in the offering, at an offering price of \$4.06 per ADS and \$0.0025 per warrant. Each ADS represents three of Oasmia’s ordinary shares. The Company received gross proceeds of approximately \$9,500,354 from the initial securities sold in this offering, before deducting underwriting discounts, commissions and other related expenses. The warrants have an exercise price of \$4.06, are exercisable immediately and will expire ten years from the date of issuance. The Company granted the underwriters a 45-day option to purchase up to (i) 350,880 additional ADSs and/or (ii) additional warrants to purchase up to 175,440 ADSs to cover over-allotments. The underwriters have exercised an option to purchase 111,150 such additional warrants, which transaction closed on October 28, 2015.

The ADSs began trading on The NASDAQ Capital Market under the symbol “OASM” on October 23, 2015.

Proceeds from this offering will be used to fund: (i) new clinical trials and other regulatory requirements of Oasmia’s product and product candidates, (ii) production development, including validation batches, and (iii) other general corporate purposes, including employees, rent, and costs and expenses of being a U.S. public company.

Rodman & Renshaw, a unit of H.C. Wainwright & Co. and Joseph Gunnar & Co., LLC acted as joint book-running managers in this offering.

About Oasmia Pharmaceutical AB

Oasmia Pharmaceutical AB develops new generations of drugs in the field of human and veterinary oncology. The company's product development aims to create and manufacture novel nanoparticle formulations and drug-delivery systems based on well-established cytostatics which, in comparison with current alternatives, show improved properties, reduced side-effects, and expanded applications. The company's product development is based on its proprietary in-house research and company patents. Oasmia is listed on NASDAQ Stockholm (OASM) and the Frankfurt Stock Exchange (OMAX, ISIN SE0000722365).

Certain statements in this press release are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995 regarding the public offering and the intended use of proceeds from the offering. These statements may be identified by the use of forward-looking words such as "anticipate," "believe," "forecast," "estimate" and "intend," among others. These forward-looking statements are based on Oasmia's current expectations and actual results could differ materially. There are a number of factors that could cause actual events to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, substantial competition; our ability to continue as a going concern; our need for additional financing; uncertainties of patent protection and litigation; uncertainties of government or third party payer reimbursement; limited sales and marketing efforts and dependence upon third parties; and risks related to failure to obtain FDA clearances or approvals and noncompliance with FDA regulations. As with any pharmaceutical under development, there are significant risks in the development, regulatory approval and commercialization of new products. Oasmia does not undertake an obligation to update or revise any forward-looking statement. Investors should read the risk factors set forth in the Registration Statement on Form F-1 filed with the Securities and Exchange Commission on October 21, 2015 and future reports filed with the SEC. All of the Company's forward-looking statements are expressly qualified by all such risk factors and other cautionary statements. The information set forth herein speaks only as of the date hereof.
