Nordea Bank Finland Plc issues Credit Linked Notes – Kreditbevis Europa High Yield 2021

Nordea Bank Finland Plc (the "Issuer") issues a series (B165) of Credit Linked Notes due 20 January 2021, Kreditbevis Europa High Yield 2021, denominated in euro ("EUR") with ISIN Code DK0030368477 and Common Code 132252076 (the "Notes").

The Notes are to be issued on 17 December 2015 and will be redeemed on 20 January 2021 in accordance with the performance structure: "Non-Tranched CLN" structure. The Target Redemption Amount is indicatively 128 per cent of the Principal Amount of each Note, and the return of the Notes depends on the occurrence of one or more Credit Events in selected obligations of a basket of 75 Reference Entities. The occurrence of a Credit Event in relation to a Reference Entity will have a proportional impact on the Redemption Amount of the Notes, i.e. for every Credit Event that occurs in relation to a Reference Entity, the Target Redemption Amount will be reduced by 128/75 (subject to provisions relating to "Successor" as set out in the Conditions). If no Credit Events occur each Note will be redeemed at an indicatively 128 per cent of its principal amount, if any Credit Events occur the Target Redemption Amount will be reduced by the number of Credit Events that has occurred multiplied by 128/75, this entails that if there has been a Credit Event in all Reference Entities, all of the invested amount will be lost.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Final Terms of the Notes dated 20 November 2015 and the Base Prospectus, as so supplemented.

The offer period for the Notes will take place during the period from 23 November 2015, 9:00 CET until 11 December 2015, 16.00 CET. The Aggregate Nominal Amount of the Notes and the Target Redemption Amount will be determined after the subscription period and announced in a Final Terms Confirmation Announcement through NASDAQ OMX Copenhagen A/S.

The Issuer reserves its rights to cancel the offer if the Aggregate Principle Amount of Notes subscribed on or before the Issue Date is less than EUR 7,000,000, if the Target Redemption Amount cannot be set to at least 125 per cent, or if any event of an economic, financial or political nature occurs and which may jeopardise a successful offer, as determined by the Issuer. The Issuer may also replace a Reference Entity at any time on or prior to Issue Date by a comparable type of underlying Reference Entity.

The Notes will be issued and registered with VP Securities A/S on 17 December 2015 and be admitted to trading and official listing on NASDAQ OMX Copenhagen A/S with the first day of trading on the same day.

We refer to the published Final Terms of the Notes.
