About Zealand Pharma

Zealand Pharma A/S (Nasdaq Copenhagen: ZEAL) ("Zealand") is a biotech company with leading-edge scientific expertise in turning peptides into medicines. Zealand has a growing proprietary pipeline of novel specialty drug candidates and a mature portfolio of products and projects under license collaborations with Sanofi, Helsinn Healthcare and Boehringer Ingelheim.

Zealand's first invented medicine, lixisenatide, a once-daily prandial GLP-1 analogue for the treatment of Type 2 diabetes, is marketed globally outside the US as Lyxumia® by Sanofi and under regulatory review in the US. The license collaboration with Sanofi covers also a single-product combination of lixisenatide and insulin glargine (Lantus®) which is on track for regulatory submission in the US in Q4 2015 and in the European Union in Q1 2016.

The proprietary pipeline includes; *danegaptide* for ischemic reperfusion Injuries in Phase II development; *ZP1848* for Short Bowel Syndrome in Phase II development; and the stable glucagon analogue, *ZP4207*, in Phase II preparation both as a single-dose rescue pen for severe hypoglycemia and for multiple-dose use to treat and control mild to moderate hypoglycemia; as well as *several preclinical peptide therapeutics*.

The company is based in Copenhagen (Glostrup), Denmark. For further information about Zealand's business and activities, please visit: www.zealandpharma.com or follow us on Twitter @ZealandPharma
