ÅF signs framework agreement as supplier to Svenska kraftnät

ÅF and Svenska kraftnät have signed a new three-year framework agreement covering engineering and consulting services.

Svenska kraftnät will purchase engineering and consulting services worth about SEK 500 million per year over the next few years with a stated ambition to have strengthened relationship with fewer suppliers. This benefits ÅF, which was selected as supplier in all four contracted categories.

“The agreement means a further strengthening of our position as a strategic supplier to Svenska kraftnät and proves our ability to help Svenska kraftnät create a secure, climate-friendly and cost-effective electricity supply in Sweden,” says Per Magnusson, president of ÅF’s Industry Division.

The three-year framework agreement extends over the years 2016-2018 with an extension option of 1 + 1 year.

Corporate Communication
ÅF AB (publ)

The information contained in this press release is such that ÅF is required to disclose pursuant to the Swedish Financial Instruments Trading Act. The information was submitted for publication on 14 December 2015.
