Item 17 - The board of directors' proposal on guidelines for remuneration to the managing director and other senior executives

The board of directors proposes that the annual general meeting resolves on the following guidelines for remuneration to the managing director and other senior executives as set forth below.

The total remuneration of individual senior executives in Dustin shall be in line with market practice and shall be competitive in order to attract, motivate and retain key employees. The intention is to create incentives for the senior executives to execute strategic plans and to deliver excellent operative results, as well as to unite senior executives' interests with the interests of the shareholders.

The remuneration to the managing director and other senior executives shall consist of base salary, short term variable remuneration (STI) which shall be based on achieved financial targets for Dustin as well as individual performance, and long term variable remuneration based on share and share related incentive programs (LTI). This is in addition to pension and other customary benefits.

- The base salary shall be based on the senior executive's competence and area of responsibility. The base salary shall be the basis for the STI. The base salary shall be reviewed annually.
- The STI shall be based on performance in relation to established goals. The goals must be individual, measurable and linked to Dustin's financial results and to specific accomplishments and processes (individual goals). The managing director's STI can

amount to a maximum of 70 per cent of the base salary. For other senior executives the STI can amount to a maximum of 50 per cent of the base salary.

- The vesting period for the LTI-program must be at least three years. The LTI-program shall be based on shares or share related securities. The LTI shall ensure long-term incentives linked to Dustin's development. Every share based LTI shall require approval of the shareholders before launch.
- Other benefits may include health insurance and other customary benefits. Other benefits shall not constitute a material portion of the total remuneration.
- Senior executives will be offered individual pension plans amounting to a maximum of 30 per cent of the base salary or defined contribution pension solutions.
- In the event of termination by the company, the notice period for senior executives shall amount to a maximum of 12 months.

Under special circumstances, the board of directors may deviate from the above guidelines. In such case, the board of directors is required to explain the reason for the deviation at the following annual general meeting.

Item 18 - Resolution on the proposal on the adoption of a long-term incentive plan 2016 (LTI 2016) and issue of warrants

Number of warrants and exercise price

The board of directors proposes that the meeting resolves to issue not more than 711,731 warrants, in one series, within the scope of an employee incentive programme for group management. In total, the incentive programme will encompass a maximum of approximately 10 individuals.

The warrants shall be able to be subscribed for by the wholly-owned subsidiary Dustin AB, which shall transfer the warrants to employees within the group. The transfer of the warrants to the participants shall be made at a price corresponding to the market value of the warrant (i.e. the warrant premium). The participants in the incentive programme may only acquire such number of warrants that upon subscription for new shares correspond to approximately 1 per cent of the company's share capital and votes following dilution. There can be no over-subscription.

Each warrant shall entitle the holder to subscribe for one new share. The warrants shall be issued free of charge to the wholly owned subsidiary Dustin AB.

Each warrant shall, during the period commencing on 30 January 2019 and up to and including 30 June 2019, entitle the holder to subscribe for one new share in Dustin Group AB (publ) at an exercise price corresponding to 120 per cent of the average volume weighted Dustin share price as quoted on Nasdaq Stockholm's official price list during the period 10 trading days after the shareholders' meeting resolving on the incentive programme. The exercise price, determined as set out above, shall be rounded to the nearest SEK 0.10, whereby SEK 0.05 shall be rounded downwards. The exercise price and the number of shares that each employee stock option entitles to subscription for shall be recalculated in the event of a split, consolidation, new share issue etc. in accordance with market practice. If the warrants are completely exercised the share capital will increase by SEK 3,558,655.

Transfer of warrants

The following terms and conditions shall be applied to the further transfer of the warrants

The issued warrants shall, with disapplication from pre-emption rights, be able to be subscribed for by Dustin AB – a wholly owned subsidiary to Dustin Group AB - where after this company shall offer the warrants to individuals within the group management team. The transfer of the warrants shall be

made at a price corresponding to the market value of the warrants (the warrant premium), calculated according to the Black & Scholes valuation model. The valuation of the warrants shall be made by an independent appraiser or auditor firm. The company shall in connection with the transfer of the warrants to the participants reserve a pre-emption right regarding the warrants if the participant's employment or assignment within the group is terminated or if the participant wishes to transfer its warrants.

The transfer of the warrants in accordance with the above-mentioned proposal may take place only to the extent that the total number of warrants according to the above-mentioned programme does not exceed 711,731 warrants.

Allocation of warrants

Group Management of the Dustin group who have entered into a pre-emption agreement with Dustin Group AB (publ) shall be entitled to be transferred warrants, with a maximum 237,244 warrants to the CEO and a maximum 474,487 to other members of group management, whereof no individual other member of group management may be transferred more than 88,966 warrants.

Board members shall not be eligible to participate in the incentive programme.

Dilution of existing shares and votes

Based on the number of shares and votes outstanding in the company, the proposed incentive programme implies, upon exercise of all 711,731 warrants, a full dilution corresponding to approximately 1 per cent of the total number of shares and votes outstanding in the company. If all outstanding incentive programmes in the company are included in the calculation, the corresponding maximum level of dilution amounts to approximately 2.5 per cent.

Information about Dustin's current incentive programmes is available in the annual report for the financial year 2014/15, note 7, and on the company's website, www.dustingroup.com.

Costs

The transfer of the warrants shall be made at a price corresponding to the market value of the warrants and therefore no social security contributions are to be paid by the group in relation to the issue and transfer of the warrants. The market value of the warrants is, in accordance with a preliminary valuation made based on a market value on the underlying share corresponding to the closing price of the company's share on 9 December, 2015, SEK 7.01 per warrant, assuming an exercise price of SEK 75.60 per share. The Black & Scholes valuation model has been used for valuing the warrants, assuming a risk free interest of -0.15 per cent and a volatility of 25 per cent.

Other expenses for the incentive programme related to fees to external advisors and costs for administration of the programme are expected to amount to approximately MSEK 1 in total during the term of the warrants.

The background and rationale for the proposal

The rationale for the proposal is to create opportunities to keep competent and to increase the motivation amongst management to the group. The Board of Directors considers that the adoption of the incentive programme as described above is in the favour of the group and the shareholders in the company.

DOCUMENTS

The annual report and the auditor's report for the financial year 2014/15, the board of director's and the nomination committees complete proposals regarding the items mentioned above as well as the board of directors statement regarding the proposed dividend will be available for inspection at the Company's office at Nacka Strand and on the Company's webpage www.dustingroup.com, at the latest three weeks prior to the general meeting, and will be sent to shareholders who so request and state their address.
