About Karolinska Development AB

Karolinska Development AB is an investment company focused on identifying medical innovation and investing in the creation and growth of companies developing these assets into differentiated products that will make a difference to patients' lives and provide an attractive return on investment.

Karolinska Development has access to world-class medical innovations at the Karolinska Institutet and other leading universities and research institutes in the Nordic region. The Company aims to build companies around scientists who are leaders in their fields, supported by experienced management teams and advisers, and co-funded by specialist international investors, to provide the greatest chance of success.

Karolinska Development's investee portfolio comprises 12 companies biotech and medtech targeting opportunities in innovative treatment for life-threatening or serious debilitating diseases.

The Company is led by a team of investment professionals with strong venture capital backgrounds, experienced company builders and entrepreneurs, with access to a strong global network.
