About Bactiguard
Bactiguard is a Swedish medtech company with a global presence, offering a solution that prevents healthcare associated infections caused by medical devices. By preventing infections, we contribute to a reduced use of antibiotics and the spread of multi-resistant bacteria, which is a growing problem worldwide. We save lives, increase patient safety and significantly reduce the cost for the healthcare and society. Our technology is well-proven, safe and tissue friendly and consist of a thin layer of noble metals that prevents bacterial growth. The coating can be applied on almost all medical devices. Bactiguard-coated urinary catheters are market leading in the US and Japan and the company has also its own product portfolio consisting of Foley catheters, central venous catheters and endotracheal tubes. Bactiguard is a growth company, focused on markets in Europe, Middle East, Asia and Latin America. The company has about 70 employees worldwide, mainly at the headquarters in Stockholm and the production facility in Malaysia and is listed on Nasdaq Stockholm.
