COVER POOL REPORT

Published 28 April 2016 • Data per 31 March 2016

BRFkredit cover pool report

Introduction

The report publishes data on the portfolio in a structured form, for an audience with focus on credit- or portfolio data and having less emphasis on explanatory texts. Figures, graphs and explanations are made available in our interim reporting and our "Investor Presentations".

Report structure

This cover pool report is in five sections.

The first section shows the capital centre structure, general characteristics, capital and capital allocation. The second section show the loan portfolio in multiple dimensions, and the third section in loan-to-value dimensions. The fourth section displays lending with 90 days arrears and finally the fifth section illustrate performance in loan loss provisions, the value of foreclosed properties and realised losses.

Table format

The cover pool report is delivered in two formats; PDF for easy reading and an Excel format for re-use of data tables. We would also like to draw your attention to data published on our website available in the ECBC labelling format.

Arrears

The 90 days arrears tables shows an estimate of lending-at-risk in the (extreme) case all loans with arrears results in the potential loss of any notional above a given LTV threshold. Loans are filled by continuous LTV brackets. This can be viewed as a loss-given-default (LGD) estimate. Please refer to appendix A.1 for an example.

In case of questions please don't hesitate to contact the IR department by e-mail investors@brf.dk

BRFkredit cover pool report: Contents

As of 31 March 2016

1 BRFkredit Capital Centre Structure

- 1.1 BRFkredit general characteristics
- **1.2** BRFkredit Capital Base (DKKbn)
- 1.3 Capital requirements and allocation per Capital Centre (DKKbn)

2 Loan portfolio

- 2.1 Lending by property category
- 2.2 Lending by loan type
- 2.3 Lending by geography
- 2.4 Lending by seasoning

3 Loan-to-values

- 3.1 BRFkredit Capital Centre B (RO): Loan-to-value distributed continuously into LTV brackets
- 3.2 BRFkredit Capital Centre E (SDO): Loan-to-value distributed continuously into LTV brackets
- 3.3 BRFkredit Total: Loan-to-value distributed continuously into LTV brackets

4 Arrears (90 days)

- 4.1 Arrears in per cent of lending distributed by property category
- 4.2 Arrears in per cent of instalment and interest payments distributed by property category
- **4.3** BRFkredit Capital Centre B (RO): Lending with 90 days arrears
- **4.4** BRFkredit Capital Centre E (SDO): Lending with 90 days arrears
- 4.5 BRFkredit Total: Lending with 90 days arrears in per cent

5 Performance

- 5.1 Loan loss provisions (DKKm)
- 5.2 Loan loss provisions (per cent of lending)
- **5.3** Fair value of foreclosed properties (DKKm)
- 5.4 Realised Losses (DKKm)

A Appendices

- A.1 Methodology and principles
- A.2 Vocabulary
 - Disclaimer

Section 1: BRFkredit Capital Centre Structure

Table 1.1: BRFkredit general characteristics			
As of 31 March 2016	Capital Centre	Capital Centre	BRFkredit
	B (RO)	E (SDO)	Total *
Total lending, DKKbn Total lending, per cent Number of loans	21,7	220,3	254,6
	9	87	100
	14.728	117.247	139.097
Total risk weighted assets (RWA), DKKbn	10,1	52,0	63,4
Credit ratings (S&P): Mortgage and covered bonds rating (structured rating) Issuer rating (long term credit rating) **	AAA	AAA	-
	-	-	A- **
UCITS compliant CRD compliant Eligible for central bank repo	Yes	Yes	Yes
	Yes ***	Yes	Yes ***
	Yes	Yes	Yes

Note * The Total includes, in addition to loans in Capital Centre B and E, also loans in other old capital centres.

Note *** Traditional danish mortgage bonds (RO bonds) issued later than 2007 are not CRD compliant.

Table 1.2: BRFkredit Capital Base (DKKbn)				
As of 31 March 2016 Capital segmentation		DKKbn		
Own equity		12,0		
of which base capital	11,8			
of which gilt-edged equity	10,0			
Hybrid core capital		0,0		
Core capital (tier 1)		11,8		
Subordinated debt (tier 2)		0,1		
Total equity / Capital base (own funds)		11,9		
Proceeds from senior secured debt <i>(nominal)</i>	1,0			
Proceeds from senior unsecured debt (nominal)	3,7			
Other assets (loan impairments, prepaid interest, custodies etc.)	2,3	7,0		
Capital coverage		19,0		
Guarantees (provided by states, municipals, banks, etc.)		34,6		
Capital and excess coverage (DKKbn)		Requirement	Available	Excess cover
Capital (excl transition rule) (solvency requirement)		5,1	11,9	6,8
Capital (incl transition rule) (solvency requirement)		8,0	11,9	3,9
Adequate capital base (individual solvency requirement)		6,6	11,9	5,3
Rating Agency compliant capital (OC requirement)		12,7	17,0	4,3

As of 31 March 2016 DKKbn	Capital Centre B (RO)	Capital Centre E (SDO)	BRFkredit Total *
Capital requirements (fulfilling all below mentioned requirements):	2,7	8,9	12,7
Solvency requirement	0,8	4,2	5,1
Danish Covered Bond Legal requirement (SDO-krav)	n/a	8,5	8,5
Rating Agency OC-requirement	2,7	8,9	12,7
OC allocated, of which:			
Equity	3,2	7,5	12,0
Own equity (non-gilt-edged assets)	0,2	1,8	2,1
Own equity (gilt-edged assets)	3,0	5,7	10,0
Proceeds from hybrid core capital (nominal)	0,0	0,0	0,0
Proceeds from senior secured debt / senior unsecured (nominal	0,0	4,7	4,7
Other assets (loan impairments, prepaid interest, custodies etc.)**	0,2	2,0	2,3
Total allocated (rating compliant capital)	3,2	12,4	17,0
Excess capital:			
Rating Agency compliant excess capital			4,3

Note ** Standard & Poor's changed outlook to stable per 24 February 2014.

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Note ** Loan impairment charges distributed as per table 5.1. Customer prepaid interest distributed by the capital centre share of ARM loans.

Section 2: Loan portfolio

As of 31 March 2016	Capital Centre	Capital Centre	BRFkredit
Lending in per cent per capital centre	B (RO)	E (SDO)	Total *
Private (owner occupied & vacation homes)	40	55	51

Lending (DKKbn) and average 90 days arrears	220,3						0.22

Remark: Enterpretation of this table is illustrated with an example in appendix A.1

As of 31 March 2016							
	Lending	Arrears	s lending b	y cont. LT	V brackets		Average
90 days arrears in per cent of total lending	DKKbn	<60	60-79.9	80-89.9	90-100	>100	percentage
Private (owner occupied & vacation homes)	129,4	0,30	0,07	0,02	0,01	0,01	0,42
Subsidised housing (rental housing)	45,1	0,00	0,00	0,00	0,00	0,00	0,01
Private rental properties (rental housing)	44,8	0,14	0,04	0,02	0,02	0,01	0,23
Office & Business properties	30,5	0,11	0,01	0,01	0,00	0,00	0,13
Other (agriculture, industry & crafts, etc.)	4,7	0,02	0,01	0,00	0,00	0,00	0,03
Lending (DKKbn) and average 90 days arrears	254,6						0,27

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Section 5: Performance

Table 5.1: Loan loss provisions (DKKm)			
As of 31 March 2016 DKKm (individual and collective loan loss provisions)	Capital Centre B (RO)	Capital Centre E (SDO)	BRFkredit Total *
Private (owner occupied & vacation homes)	37	323	380
Subsidised housing (rental housing)	0	0	10
Private rental properties (rental housing)	171	422	638
Office & Business properties	115	252	368
Other (agriculture, industry & crafts, etc.)	5	9	13
Total loan loss provisions (DKKm)	327	1.005	1.409

HAT DIESELE OF THE PARTY OF THE

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Remark: Loan loss provisions in BRFkredit A/S. The distribution of collective provisions is made on the loan with outer most LTV towards the lower LTV loans.

Table 5.2: Loan loss provisions (per cent of lending)			
As of 31 March 2016	Capital Centre	Capital Centre	BRFkredit
Per cent of lending (individual and collective loan loss provisions)	B (RO)	E (SDO)	Total *
Private (owner occupied & vacation homes)	0,42	0,27	0,29
Subsidised housing (rental housing)	0,00	0,00	0,02
Private rental properties (rental housing)	2,50	1,19	1,42
Office & Business properties	2,16	1,00	1,20
Other (agriculture, industry & crafts, etc.)	1,29	0,21	0,28
Total loan loss provisions in per cent of lending	1,51	0,46	0,55

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Remark: Loan loss provisions in BRFkredit A/S. The distribution of collective provisions is made on the loan with outer most LTV towards the lower LTV loans.

Table 5.3: Fair value of foreclosed properties (DKKm)			
As of 31 March 2016 Value of foreclosed properties, DKKm	Capital Centre B (RO)	Capital Centre E (SDO)	BRFkredit Total *
Private (owner occupied & vacation homes)	28	371	398
Subsidised housing (rental housing)	0	0	0
Private rental properties (rental housing)	26	1	27
Office & Business properties	1	2	3
Other (agriculture, industry & crafts, etc.)	0	0	0
Total value of foreclosed properties (DKKm)	54	374	428

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Remark: In case of multiple loans in any of the foreclosed properties, the distribution is made on the loan with outer most LTV towards the lower LTV loans.

Table 5.4: Realised Losses (DKKm)			
As of 31 March 2016 Realised losses, year to current quarter, DKKm	Capital Centre B (RO)	Capital Centre E (SDO)	BRFkredit Total *
Private (owner occupied & vacation homes)	5	13	18
Subsidised housing (rental housing)	0	0	0
Private rental properties (rental housing)	0	1	1
Office & Business properties	7	2	9
Other (agriculture, industry & crafts, etc.)	0	0	0
Total realised losses (DKKm)	11	16	28

Note * In addition to loans in Capital Centre B and E, the total also include loans in other old capital centres.

Appendices

Appendix A.1: Methodology and principles

Reporting date Currency used	End of the quarter (unless otherwise stated) Amounts and figures are stated in Danish Kroner (DKK) (unless otherwise specified)

Capital Centre B RO funded lending. No additional sureties for the mortgage bonds issued are provided.

SDO funded lending. Requires on-going monitoring of the market value of the properties. Capital Centre E

BRFkredit provide additional security on a loan-by-loan basis for issued SDO's in case the estimated value of the mortgaged property (the underlying property) including the value of any collateral and guarantees is insufficient, for example due to falling property prices. The additional security injected is comprised of funds that correspond to the capital injected into the capital centre and revenue raised through issuance of bonds.

THE FA TO DEFEND

RO's and SDO's (common description)

LTV calculation

LTV brackets;

distribution into

Collateral for issued Collateral for the RO and SDO bonds issued consists of the part of BRFkredit's assets, placed in the capital centre the bonds are issued from. The collateral includes, in addition to mortgages on real property, also any security in the form of public or private guarantees, other forms of security and the personal liability of the borrowers and the capital (overcollateralisation) in the capital centre. Further collateral stems from remaining assets of BRFkredit, cf. legislation.

Property categories The Danish FSA have set guidelines for reporting purposes determined by the primary use of the property; currently ten categories. In this report the FSA categories are aggregated to five by addition.

Fair value of A fair value is set for each property. For loans secured by owner-occupied properties or vacation homes the starting point is an appraisal made by BRFkredit or the actual traded price if the value is not older than a certain threshold. Otherwise property the starting point is an estimated value based on a statistical model or the tax authority's assessed valuation. The starting point value is discounted to the reporting date based on a statistical price model. For other properties, the fair value is based on an appraisal made by BRFkredit or the tax authority's assessed valuation. The majority of the fair value

> LTV is calculated on each property on a loan-by-loan basis, and takes into account prior-ranking loans at fair values relative to the estimated property value based on the most recent valuation or market value.

estimates are based on appraisals or actual traded prices which were the basis for loan offers or disbursed loans.

Fair value of the loan distributed are shown utilising LTV bracket intervals. The intervals become smaller as the percentage approaches par. This publication distributes the loan continuously from the lower LTV bracket to the upper brackets relative to fair value of the collateral. For loans where a part of the loan is covered by a guarantee from public authorities (non-profit housing) the guaranteed part is placed in the lower LTV bracket.

Example on continuously distribution into LTV brackets for a loan with fair value of 75 per cent This example loan will be distributed with 20 per cent of the value into the lower three brackets; 10 per cent in the fourth bracket and the remaining 5 per cent of the value in the last bracket.

Loan-to-value (distributed continuosly)										
	0-19.9	20-39.9	40-49.9	60-69.9	70-79.9	80-84.9	85-89.9	90-94.9	95-100	>100
	20	20	20	10	5	0	0	0	0	0

Arrears; continuous LTV brackets The example below illustrate 90 days arears in a lending segment with focus on LTV exposures above 90 per cent. Arrears amounts to (0.05%+0.04%) 0.09 per cent of the segment lending of DKK 10 billion. For the specific capital centre lending amount to DKK 25 billion with average arrears of 0.04 per cent.

Example data	Lending	Arrears	lending by	cont. LTV	brackets	Average arrears
90 days arrears in percent of lending	DKKbn	<80	80-89.9	90-100	>100	
[lending segment]	10,0			0.05%	0.04%	0.09%
Lending (DKKbn) and average 90 days arrears	25,0					0.04%

Appendix A.2: Vocabulary

ARM Adjustable Rate Mortgage

Interest rates on lending which normally are adjusted with a frequency from 1 to 10 years.

Covered Bonds Covered bonds (SDO lending) are issued from BRFkredit Capital Centre E

LTV Loan-to-value

NPL Non-performing-loan

Loans are categorised as non-performing loans (NPL) when the borrower for 90 days neglects to pay instalments and/ or

interest (as a note a range of credit actions are triggered and processed before loans become non-performing)

OC Over-collateralisation

RO "Realkredit Obligationer" is traditional Danish Mortgage Bonds, issued from BRFkredit Capital Centre B.

RO's have been issued out of the general capital centre and BRFkredit's other capital centres.

RWA Risk weighted assets

SDO "Særligt Dækkede Obligationer" or Danish Covered Bonds; issued from BRFkredit Capital Centre E

SSB Senior Secured Bonds
