Rejlers signs contract with Fortum Power and Heat Oy

(REJL B)

Rejlers Oy signs a contract with Fortum Power and Heat Oy. Rejlers will deliver all electro-technology for a new 30 MW district heating plant in Joensuu Kontioparken in Finland.

The contract includes design, construction, delivery of equipment, installation and commissioning. The contract is worth SEK 10 million and the delivery is estimated to September this year.
