INVISIO receives SEK 9 million order from existing customer within NATO

INVISIO (IVSO) has received a new order for communications systems and accessories from an existing customer within NATO. The order value amounts to approximately SEK 9 million and delivery is scheduled for the second half of 2016.

"The new order from the customer is a clear indicator of confidence in INVISIO's solutions and expertise to protect the wearer's hearing and secure means of communication in extreme environments", says Lars Højgård Hansen, CEO of INVISIO.

The order includes communications system with headsets for use with a radio. The system ensures a good hearing protection while the wearer is able to communicate and maintain situational awareness.

About INVISIO Communications AB (publ)

INVISIO offers cutting-edge personal communication and hearing protection systems. The systems enable users to operate and communicate safely and clearly in all environments, even under extreme conditions, such as loud noise, heat, and underwater. INVISIO systems consist of headsets and advanced control units that interface to a wide range of communication devices. The systems provide hearing protection while maintaining the natural level of situational awareness. Customers are mainly from the public sector. Sales are made via a global network of partners and to some extent directly to end customers. INVISIO is listed on Nasdaq Stockholm (IVSO). Additional information is available on the company's website, www.invisio.com.
