

## **Nederman receives order in China with an order value of SEK 30 million.**

**Nederman China has received an additional order for a boiler flue gas cleaning project. The customer is building district heating in China using environmentally friendly coal fired power plant technology. The order value is SEK 30 million.**

The Nederman solution will provide an efficient low emission two-stage system with dust filtration and dry scrubbing for additional emission elimination. Nederman will provide design, manufacturing and installation.

“This is a confirmation that we have a strong offering in the market for district heating flue gas cleaning in China. Nederman’s solutions create the opportunity for a more efficient energy supply while the environmental impact could be limited”, said Torbjörn Bäck, SVP Division APAC.

The order was booked in the second quarter of 2016 and delivery of the systems will take place mainly in the third and fourth quarter of 2016.
