CVR-nr. 69749917**Capital Markets Day 2016 provides new long-term guidance**

Coloplast is hosting a Capital Markets Day today at 08:15-16:30 (CDT) in Minneapolis, USA.

The Board of Directors has approved a new long-term financial guidance, spanning 3 years, consisting of:

- Organic revenue growth of 7-9% p.a.
- EBIT-margin expansion of ½-1%-points p.a.

The previous long-term guidance was issued in connection with our Capital Markets Day in 2014 and consisted of an organic revenue growth of 7-10% p.a. and an EBIT margin expansion of ½-1%-points p.a.

The change in the long-term organic revenue growth guidance from 7-10% p.a. to 7-9% p.a. is explained by the challenging macroeconomic environment in Emerging markets.

The financial guidance for 2015/16 is unchanged at an organic revenue growth of 7-8% at constant exchange rates and an EBIT margin of 33-34% at constant exchange rates.

At our Capital Markets Day we will provide a strategic update on Coloplast and a financial perspective on Coloplast's strategy including the new long-term guidance. We will also provide an update on our business areas as well as a deep dive into the US market.

The day will include the following presentations:

- Group Strategy Update by Lars Rasmussen, CEO
- Financial Outlook by Anders Lonning-Skovgaard, CFO
- Urology Care Update by Steffen Eichner Hovard, SVP Urology Care
- Wound Care Update by Nicolai Buhl Andersen, SVP Wound Care
- Chronic Care Update by Kristian Villumsen, EVP Chronic Care
- US Healthcare System and Reimbursement by Mark Draper, Head of Public Affairs
- US Acute Market Structure by Richard McEnroe, Director Chronic Care National Sales, US
- US Community Market Structure by Morten Hansen, VP Sales and Marketing, US
- Coloplast North America by Edmond Veome, SVP Chronic Care Management, NA

The presentations from the event will be available on June 22 at around 09:00 (CDT) at the following link:
