Stock Exchange Release No. 10/2007

September 11th 2007

FirstFarms A/S purchases larger land area in Romania

Today, FirstFarms has entered into an agreement concerning buying 697 hectares agricultural land in Romania. The land is sited in the western part of Romania about 800 km. from the capital, Bucharest; in the so-called "black earth region" which is an area of high land quality.

The company expects to prepare the land in autumn 2007 in preparation for production of sales crops in 2008.

The land is bought in a larger piece at a price of about EUR 2.700 per hectare. The purchase also contains an area of 2,7 hectares which is build with elderly agricultural buildings.

It is not expected that the purchase will change the expectations for the results for 2007 which have been announced earlier.

Best regards

FirstFarms A/S
