## Changes in Studsvik's organisation

After the sale of its waste treatment business, Studsvik carried out a strategic review of operations. As a result of this review, Studsvik Scandpower will now become its own business area. Studsvik Scandpower is currently part of the Fuel and Materials Technology business area.

Therefore, as of November 1, 2016 Studsvik's organisation will consist of the following three business areas:

- Consultancy Services
- Fuel and Materials Technology
- Studsvik Scandpower

At the same time Steven Freel, President of Studsvik Scandpower, will become a member of the Executive Group Management. Steven has an extensive international management and business development background, with more than 25 years' of nuclear industry experience.

Financial reporting under the new structure will start in the first quarter of 2017.
