Teleca's new capital structure and payment of the redemption amount

As a part of the redemption procedure approved by the Extraordinary General Meeting on June 20, 2007, Teleca AB carried out a share split where each share was split into two shares, of which one redemption share. Upon completion of the redemption procedure the redemption shares are redeemed at a redemption price of SEK 9 per share and payment is expected to take place on August 13, 2007. Teleca's share capital is restored to the same level as prior to the redemption procedure.

The Swedish Companies Registration Office has yesterday registered a reduction of Teleca's share capital of SEK 56,139,729.30 through redemption by way of redemption of 655,000 class A redemption shares and 61,722,477 class B redemption shares.

Further, an increase in the company's share capital of SEK 56,139,729.30 is registered following a bonus issue. The increase in the share capital is transferred from the non-restricted equity. No new shares are issued in connection with the increase of the share capital.

Following these transactions Teleca has a total of 62,377,477 outstanding shares, of which 655,000 class A-shares and 61,722,477 class B-shares.

The redemption procedure means that SEK 561,397,293 will be distributed to Teleca's shareholders, equivalent to SEK 9 per share. Payment to the shareholders is expected to take place on August 13, 2007.

Since July 10, 2007, the Teleca share is traded in lots of 500 shares.
