About the Company

Lapland Goldminers AB is an exploration company with the goal of becoming a producing mining company striving for “green” solutions from an environmental point of view. The Company is listed on the market place First North under the name GOLD and on Oslo stock exchange’s OTC list. Lapland Goldminers has secured a number of gold deposits along the Gold Line in Västerbotten region. The Company’s strategy is to develop a profitable, producing gold company with centrally located processing plants at Fäboliden in Sweden and in the Haveri area in Finland, which are supported by ore from one or several mines from the Company’s existing project portfolio, through ongoing exploration activities and through potential acquisitions.

Lapland Goldminers is a member of SveMin, the Association of Mining, Mineral and Metal Producers in Sweden (previously known as Svenska Gruvföreningen), and complies with its reporting rules for public mining and exploration companies.
