Topsil GlobalWafers A/S, who is the biggest tenant of CeMat '70 S.A. in Warsaw, has announced that the company will stop all productions in Poland, around end September 2017. Following this announcement Topsil GlobalWafers A/S has informed the board of directors of Cemat A/S that they also expect to terminate its tenancy agreement with CeMat '70 S.A.

Topsil GlobalWafers A/S does not only provide CeMat '70 S.A. with rental income but also payments for utilities (gasses, cooling water, heating, electricity etc.). Topsil GlobalWafers A/S' plans are still not settled in details, however, the termination of the tenancy agreement with CeMat '70 S.A. is expected only to have a minor negative impact on the 2017 results, whereas a larger impact is expected in 2018, subject to the possibility of subleasing the facilities and selling the utilities to potentially new tenants.
