

Press release from Peab AB 2007-06-25

Peab to build part of E6 in Bohuslän

Peab has won the contract to carry through the extension of motorway E6, north of Tanumshede in Bohuslän. The project includes six kilometres motorway, five bridges, soil enforcement and local roads. The client is the Swedish road administration and the contract amounts to about SEK 200 million.

It is a functioning-contract, which means that Peab will build after decided functionary demand like consolidation, track building, friction and so on. After completion Peab will be responsible for the maintenance of the motorway-part for 15 years.

The project work has started and the building time is estimated to two years.
