The Board of Directors proposes that the monthly remunerations for the entire term will be paid in August 2017 so that 60 % of the remuneration will be paid in cash and 40 % will be paid in the company's shares. The share component of the remuneration can be paid by issuing new shares, conveying own shares held by the company or acquiring shares based on the authorisations given to the Board of Directors by the Annual General Meeting. If the term of a member of the Board of Directors expires prior to payment of the monthly remunerations, the accumulated remuneration will be paid in cash during the month following the expiry of the term.

12. Election of the auditor

13. Resolution on the remuneration of the auditor

Based on the recommendation of the Audit Committee of the Board of Directors, the Board of Directors proposes that the Meeting will decide to pay the auditor's remuneration on the basis of a reasonable invoice.

14. Authorising the Board of Directors to decide upon the issuing of shares

The Board of Directors proposes that the Meeting authorise the Board of Directors to decide upon the issuing of new shares and upon the conveying of the company's own shares held by the company in one or more tranches. The share issue may be carried out as a share issue against payment or without consideration on terms to be determined by the Board of Directors and in relation to a share issue against payment at a price to be determined by the Board of Directors.

The authorisation includes also the right to issue option rights and special rights, in the meaning of chapter 10 section 1 of the Companies Act, which entitle to the company's new shares or the company's own shares held by the company against consideration.

A maximum of 4,200,000 shares may be issued, of which a maximum of 2,100,000 can be own shares held by the company.

The Board of Directors proposes that the authorisation comprises the right to deviate from the shareholders' pre-emptive subscription right provided that the company has a weighty financial reason for the deviation in a share issue against payment and provided that the company, taking into account the interest of all its shareholders, has a particularly weighty financial reason for the deviation in a share issue without consideration. Within the above mentioned limits the authorisation may be used e.g. in order to strengthen the company's capital structure, to broaden the company's ownership, to be used as payment in mergers and acquisitions or when the company acquires assets relating to its business, for payment of the Board of Directors' remuneration and as part of the company's incentive programmes. Shares may also be subscribed for or own shares may be conveyed against contribution in kind or by means of set-off.

In addition, the Board of Directors proposes that the authorisation includes the right to decide upon a share issue without consideration to the company itself so that the amount of own shares held by the company after the share issue is at most one-tenth (1/10) of all shares in the company. Pursuant to chapter 15 section 11 subsection 1 of the Companies Act all own shares held by the company or its subsidiaries are included in this amount. The authorisation replaces the authorisation resolved on by the Annual General Meeting on 8 April 2016 registered on 19 April 2016. The authorisation shall be in force until the next Annual General Meeting, however, not longer than until 30 June 2018.

15. Authorising the Board of Directors to decide upon the acquiring of the company's own shares

The Board of Directors proposes that the Meeting authorise the Board of Directors to decide upon the acquiring of the company's own shares with the company's distributable funds in one or more tranches on the terms set forth below. The acquisition of shares reduces the company's distributable non-restricted shareholders' equity.

The company's own shares may be acquired in order to strengthen the company's capital structure, to be used as payment in mergers and acquisitions or when the company acquires assets related to its business, for payment of the Board of Directors' remuneration and as part of the company's incentive programmes in a manner and to the extent decided by the Board of Directors and to be transferred for other purposes or to be cancelled. A maximum of 2,100,000 shares may be acquired. The company's own shares may be acquired in accordance with the decision of the Board of Directors either through a public trading or by a public offer at their market price at the time of purchase. The Board of Directors shall decide upon all other matters regarding the acquisition of own shares. The authorisation replaces the authorisation resolved on by the Annual General Meeting on 8 April 2016. The authorisation shall be in force until the next Annual General Meeting, however, not longer than until 30 June 2018.

16. Proposal by the Board of Directors to appoint a Shareholders' Nomination Board and to adopt a Charter of the Shareholders' Nomination Board

The Board of Directors proposes that the Meeting shall resolve to appoint a Shareholders' Nomination Board to prepare proposals concerning members of the Board of Directors and their remunerations for the following Annual General Meeting. In addition, the Board of Directors proposes the adoption of a Charter of the Shareholders' Nomination Board.

The Shareholders' Nomination Board will consist of the representatives of the three largest shareholders and the Chairman of the Board of Directors, acting as an expert member, if he/she is not appointed representative of a shareholder. The members representing the shareholders will be appointed by the three shareholders whose share of ownership of the shares of the company is largest on 31 August preceding the Annual General Meeting. Should a shareholder not wish to use its right to nominate, this right will be passed on to the next largest shareholder who does not already have a right to nominate a representative. The largest shareholders will be determined on the basis of the ownership information registered in the book-entry system. However, holdings by a shareholder, who under the Finnish Securities Markets Act has the obligation to disclose changes in shareholdings (flagging obligation), may be combined provided that the owner presents a written request to that effect to the Board of Directors of the company no later than three business days prior to 31 August preceding the Annual General Meeting.

Holdings by a holder of nominee registered shares will be considered when determining the three largest shareholders, provided that the holder of the nominee registered shares presents a written request to that effect to the Chairman of the Board of Directors no later than on 31 August preceding the Annual General Meeting. The written request shall be accompanied by documentation evidencing the ownership of the nominee registered shares.

The Shareholders' Nomination Board will be convened by the Chairman of the Board of Directors, and the Shareholders' Nomination Board will appoint a chairman among its members.

The Shareholders' Nomination Board should give its proposal to the Board of Directors of the company by 20 January preceding the Annual General Meeting.
