The Nordic Exchange welcomes Nordic Tankers

Nordic Tankers is listed on the Copenhagen Stock Exchange today and joins the Industrials sector on the Nordic Exchange.

Nordic Tankers is a Danish shipping company, which has its starting point back in 1984. The company cooperates with many other companies within the international shipping industry.

Nordic Tankers has experienced a significant growth in terms of earnings and capital. The earnings raised in connection to the listing on the Nordic Exchange will be used to develop the company further. Today the fleet of Nordic Tankers includes product tankers and special tankers. The company is already building more vessels.

"We are happy to welcome Nordic Tankers to the Nordic Exchange. The company is the 38th company in the Industrials sector in Denmark and the 148th on the Nordic Exchange. We have many interesting companies in this sector and I am happy that Nordic Tankers becomes one of them," says Jan Ovesen, President, OMX Nordic Exchange Copenhagen.

"The listing at the Nordic Exchange in Copenhagen is the immediate culmination of several years of hard work to develop Nordic Tankers into a modern and market oriented shipping company. As a listed company we have a good starting point for reaching our goals and become one of the biggest Danish players within tankers and shipping", says Flemming K. Sørensen, President of Nordic Tankers.

A round lot of shares in Nordic Tankers, whose short name is NORDIC, amounts to 100. The company is registered in the Industrials sector and is a Small Cap company.
