FINAL RESULT OF THE SUBSEQUENT OFFER PERIOD OF MSSL ESTONIA WH OÜ'S PUBLIC TENDER OFFER FOR ALL SHARES AND STOCK OPTIONS IN PKC GROUP PLC

MSSL Estonia WH OÜ (the "**Offeror**"), a wholly-owned indirect subsidiary of Motherson Sumi Systems Limited ("**MSSL**"), commenced on February 6, 2017 a voluntary recommended public tender offer to purchase all the issued and outstanding shares and stock options in PKC Group Plc ("**PKC**") that are not owned by PKC or any of its subsidiaries (the "**Tender Offer**"). The subsequent offer period under the Tender Offer (the "**Subsequent Offer Period**") expired on April 7, 2017.

According to the final result of the Subsequent Offer Period, the shares tendered during the Subsequent Offer Period represent approximately 1.54 percent of all the shares and voting rights in PKC. Together with the shares tendered during the actual offer period, all the shares tendered in the Tender Offer represent approximately 95.72 percent of all the shares and voting rights in PKC. No stock options have been tendered during the Subsequent Offer Period.

Taking into account shares in PKC acquired through open market purchases, the Offeror will hold approximately 97.46 percent of all the shares and voting rights in PKC after the settlement of the sale and purchase of the shares tendered during the Subsequent Offer Period. Together with the stock options that were tendered during the actual offer period (approximately 75.79 percent of the stock options), this implies a holding of approximately 97.02 percent of all the shares and voting rights in PKC fully diluted for the outstanding stock options.

The offer consideration for the shares validly tendered during the Subsequent Offer Period will be paid to the shareholders on or about April 13, 2017 in accordance with the payment procedures described in the terms and conditions of the Tender Offer.

The Offeror's intention is to acquire all the shares and stock options in PKC. As the Offeror's ownership in PKC has exceeded nine-tenths (9/10) of the shares and voting rights in PKC through the Tender Offer, the Offeror has filed an application with the Redemption Committee of the Finland Chamber of Commerce to initiate compulsory redemption proceedings for the remaining PKC shares and stock options under the Finnish Companies Act.

The Offeror may purchase shares and stock options in PKC also in public trading on Nasdaq Helsinki Ltd or otherwise at a price not exceeding the offer price of EUR 23.55 per share and at a price not exceeding the offer price for the stock options as follows: EUR 6.90 for each 2012B stock option and EUR 0.27 for each 2012C stock option.
