HiQ signs framework agreement with Ascom Sweden AB

HiQ has signed a framework agreement with Ascom Sweden AB, specialists in customised solutions for wireless internal communication. Among other things, the agreement covers services within the areas of development and testing & verification. The agreement is effective for one year.

“HiQ has a very good relationship with Ascom’s Wireless Solutions division and has in the past two years assisted Ascom with qualified services primarily within quality assurance and software development. The fact that our client has now decided to sign a framework agreement with us is of course very positive news. We are looking forward to our continued good cooperation,” says Lars-Inge Stenberg, Account Manager at HiQ.

Ascom Wireless Solutions specialises in customised solutions for wireless internal communication. The company’s solutions are based on smart integration with the clients’ existing systems for a faster response when events occur in the business. The solutions offer communication by voice, message and alarm. Ascom Wireless Solutions has customers in most sectors – from industry to medical care, the probation service and care of the elderly, as well as the hotel industry and shopping centres. Ascom Wireless Solutions, which is based in Sweden, is a division of the Swiss Ascom group. For more information, please visit www.ascom.com/ws.

“Ascom Wireless Solutions offers the market exciting solutions that allow efficient communication in defined environments. HiQ has been involved in the development and quality assurance of advanced communications systems for various companies for over ten years, and thus has a sound knowledge of this field. It is very inspiring to be able to continue to assist our client with our expertise,” continues Stenberg.
