2 APPROVAL OF TRANSFER OF WARRANTS

2.1 Entitlement to acquire warrants

The right to acquire warrants from the subsidiary is to accrue to the following categories of employees:

Category	Maximum no. of warrants per person/in total
The executive committee and other key employees (maximum of 5 persons)	750 000/3 750 000

The right to acquire warrants from the subsidiary shall only vest in the persons that, at the end of the application period, has not terminated his or her employment and is not terminated by the company.

Warrants may also be offered to future employees, whereby the same or equivalent terms shall apply, meaning, e.g., that the then current market value shall apply.

Allotment requires that the warrants can be legally acquired and that, in the board's opinion, such acquisition can take place using a reasonable amount of administrative and financial resources.

2.2 Application and allotment

Application for acquisition of warrants shall be made not later than on the day after the last day of the period set out in Section 1.7 above. The board is authorised to extend the application period and to instruct upon an equivalent application period for new employees whose acquisitions takes place after the end of the initial application period.

Should not all warrants have been allotted after all applied for warrants have been allotted, the remaining warrants may be allotted to other participants whereby the board of directors shall decide upon the allotment based on staff category and the number of warrants applied for. Such allotment may result in that the maximum number of warrants per person, as set out above, is exceeded, however not by more than 100 percent.

The board of directors of the company decides upon the final allotment.

2.3 Price and payment etc.

The warrants shall be transferred on market terms at a price which is established based on a calculated market value for the warrants, applying the Black & Scholes valuation model calculated by the independent valuation institute PwC. For acquisitions made by new staff after the initial application period, a new market value shall be established on the same basis. The preliminary value is calculated to SEK 0,31 per warrant based on a share price of SEK 6,50.

Payment for allotted warrants shall be made in cash within five days after application. For acquisitions made by new staff after the initial application period, an equivalent payment date shall be decided by the board.

The warrants shall be subject to market terms, including a right for the company or the subsidiary to repurchase the warrants if the participant's engagement with the company ends. The company's or the subsidiary's right to repurchase warrants in the event the participant's engagement with the company ends shall include a share of the participant's warrants which

is based on the number of months that have passed between the date of the participant's acquisition of the warrants and the date on which the participant's engagement with the company ends. From the date of the participant's acquisition of the warrants, a gradual reduction, which is similar in size for every reduction, is made monthly regarding the share of the participant's warrants which the company or the subsidiary has the right to repurchase should the participant's engagement with the company end.

3 ADDITIONAL INFORMATION ON THE WARRANT PROGRAMME

3.1 Dilution

In the event of full exercise of the warrants, 3 750 000 new shares may be issued, which corresponds to a dilution of approximately 3 per cent of the total number of issued shares and votes in the company after full exercise of all warrants, subject to the recalculation provisions under the warrant terms.

3.2 Impact on key figures and costs for the company etc.

The company's earnings per share is not affected by the issue of the warrants since the present value of the warrant's redemption price exceeds the market value for the share at the time of issue. The participants will acquire the warrants at market value, meaning that the warrants will not result in personnel costs for the company.

3.3 Preparations

The basis for the incentive programme has been prepared by the board of directors of the company. The work has been supported by external advisors and been made in consultation with shareholders. The board has thereafter decided to present this proposal for the general meeting. Except for the staff that have prepared the matter upon instruction from the board, no employee that may be in scope of the programme has participated in the preparations of the programme's terms.

3.4 Other share related incentive programmes etc.

Except from the now proposed program, the company has current share related incentive programmes in terms of warrants Series 2016:1 and Series 2016:2. However, in accordance with what is set out below in the board's proposal, and in accordance with the proposal made by Alceco

International S.A. with regards to issue of warrants Series 2017:2, it is suggested that the warrants under the current incentive programs are withdrawn and cancelled.

3.5 Decision procedures

A valid resolution by the general meeting regarding the issue of warrants, Series 2017:1, requires that the resolution is supported by shareholders representing no less than nine-tenths of the votes cast as well as the shares represented at the meeting. A valid resolution regarding cancellation of issued warrants in accordance with Section 4 below requires simple majority.

4 CANCELLATION OF ISSUED WARRANTS SERIES 2016:1

Due to that the warrants of Series 2016:1, which were issued through a resolution at the general meeting in Oasmia Pharmaceutical AB held on 21 November 2016, has not been followed by valid transfer of warrants from the subsidiary Oasmia Incentive AB to the participants in question in the warrant programme, the above proposal to resolve issue of new warrants Series 2017:1 also involves a resolution that all warrants under Series 2016:1, held by Oasmia Incentive AB, in conjunction are withdrawn for cancellation. Furthermore, it is proposed to instruct the board to cancel the warrants Series 2016:1, and to report such cancellation for registration to the Swedish Companies Registration Office.
