Achievements

Growth was entirely organic during the second half.

The business operating profit (not audited) at end-June 2013 stood at 8.8% of revenues after inclusion of 0.4% of expenses related to free shares and stock options and income related to competitiveness and employment tax credit.

In comparison with the 2012 reference document available online (www.neurones.net – Investors section), the Group's financial structure did not experience any significant changes during the first half of 2013.

Outlook

Given the good start to the year, NEURONES is raising its initial forecast for 2013 from €330 million to €335 million in revenues, while maintaining its operating margin forecast of between 8.5% and 9% of revenues.
