

## PRESS RELEASE

### RoodMicrotec: audit of annual accounts not fully completed

Zwolle, 25 February 2015

In view of our early rotation of the auditor, after a meticulous selection procedure we chose Grant Thornton in early November 2014. Such a transition inevitably involves a start-up period and leads to extra work. As a result, we have not been able to sort out a number of key issues in a timely manner, so that the audit has not yet been completed.

We have therefore decided to postpone the publication of the 2014 annual figures to 12 March 2015. On 12 March, the annual report for 2014 will also be published.

The scheduled conference call for press, analysts and interested parties will still take place on 26 February, starting at 8:30am CET.

The number for the conference call is: +31 (0) 20 531 5850.

#### **About RoodMicrotec**

With 45 years' experience as an independent value-added service provider in the area of micro and optoelectronics, RoodMicrotec offers fabless companies, OEMs and other companies a one-stop shopping proposition. With its *powerful solutions* RoodMicrotec has built up a strong position in Europe.

Our services comply with the industrial and quality requirements of the high reliability/space, automotive, telecommunications, medical, IT and electronics sectors.

*'Certified by RoodMicrotec'* concerns inter alia testing of products to the stringent ISO/TS 16949 standard that applies to suppliers to the automotive industry. The company also has an accredited laboratory for test activities and calibration to the ISO/IEC 17025 standard.

The value-added services comprise inter alia (eXtended) supply chain management, failure & technology analysis, qualification & burn-in, test- & product engineering, production test (including device programming and end-of-line service), ESD/ESDFOS assessment & training, quality & reliability consulting and total manufacturing solutions with partners.

RoodMicrotec has branches in Germany (Dresden, Nördlingen, Stuttgart), the UK (Bath) and the Netherlands (Zwolle).
