IT – Reminder: Genium INET 5.0.0215 Project Update

This is a reminder that the Genium INET platform will be upgraded to version 5.0.0215 this weekend. The upgrade will commence Saturday morning November 17th, and is planned to be completed on Saturday evening at 17:00 CET. An IT-Notice will be published after completion of the upgrade.

Please see the Genium INET 5.0.0215 website for further information on the impact and what is being introduced with the release:

<https://business.nasdaq.com/trade/trade-management/technical-information/genium-inet/release-B.html>

The markets will be in the same state during the Sunday as any other Sunday. Clearing Workstation 1 will not allow login to Genium INET when markets are closed.
