GENFIT TO PARTICIPATE AT BIO CEO IN NEW YORK

ON FEBRUARY 13-14, 2012

Lille (France), Cambridge (Massachusetts, United States), February 9, 2012 – GENFIT (Alternext: ALGFT; ISIN: FR0004163111), a biopharmaceutical company at the forefront of drug discovery and development, focusing on the early diagnosis and preventive treatment of cardiometabolic and associated disorders, today announces its participation at the 14th annual Bio CEO Conference in New York on February 13-14, 2012.

During this conference, dedicated to publicly traded biotechnology companies, Jean-François Mouney, CEO of GENFIT, will outline the Company's perspectives to specialized analysts, and will notably present the latest results of toxicology studies and clinical trials obtained for GFT505 in NAFLD/NASH.

About GENFIT:

GENFIT is a biopharmaceutical company focused on the Discovery and Development of drug candidates in therapeutic fields linked to cardiometabolic disorders (prediabetes/diabetes, atherosclerosis, dyslipidemia, inflammatory diseases…). GENFIT uses a multi-pronged approach based on early diagnosis, preventive solutions, and therapeutic treatments and advances therapeutic research programs, either independently or in partnership with leading pharmaceutical companies (SANOFI, SERVIER, …), to address these major public health concerns and their unmet medical needs.

GENFIT's research programs have resulted in the creation of a rich and diversified pipeline of drug candidates at different stages of development, including GENFIT's lead proprietary compound, GFT505, that is currently in Phase II.

With facilities in Lille, France, and Cambridge, MA (USA), the Company has approximately 100 employees. GENFIT is a public company listed on the Alternext trading market by Euronext™ Paris (Alternext: ALGFT; ISIN: FR0004163111). www.genfit.com
