PRESS RELEASE

PHARMAGEST INTERACTIVE SA ADMITTED TO LONG-ONLY DEFERRED SETTLEMENT SERVICE (SRD)

PHARMAGEST INTERACTIVE is proud to announce today that its shares will be negotiable under the “long-only deferred settlement service (SRD) of the NYSE Euronext Paris™ with effect from 24th December this year.

Due to a sufficiently high volume of minimum daily transactions, the PHARMAGEST INTERACTIVE share will be admitted to the “long-only” deferred settlement service (SRD) with effect from the stock market session of 24 December 2012.

The deferred settlement service (SRD) is a simple mechanism that, whilst remaining within the stringent prudential rules, enables investors to purchase shares with a lever on values by means of a regulated market. The idea of “long-only” means that the value will only be eligible for purchase with lever.

Thierry CHAPUSOT Chairman of the Board of Directors comments:

“The association of the PHARMAGEST share with the deferred settlement service (SRD) label is excellent news for all our shareholders and today we are very proud to be able to bring them the benefits of this mechanism.

The admission of PHARMAGEST INTERACTIVE to “long-only” deferred settlement service (SRD) status will provide the share with even greater visibility and improved liquidity”.
