

Continued orders to Tilgin from large operator in South Eastern Europe

Stockholm December 22, 2011: Tilgin, a leading provider of Home Gateway solutions for multiplay and next-generation broadband access, has won yet another order from one of its larger customers, a large operator in South Eastern Europe.

The operator has for the last two years expanded its fiber network and successfully grown its subscriber base of IP-based services. Tilgin has during this period delivered more than 150.000 Home Gateways to the operator.

The order includes Tilgin Home Gateways, Tilgin Home Gateway Software (HGA) and Support services.

The order is taken in close cooperation with Tilgin's local partner – a global telecoms provider and systems integrator.

The order value is close to 6 MSEK.
