Neonet selected as Execution Service Provider by Öhman Securities Finland

Focus on execution quality and proven local expertise key aspects for decision to go with Neonet's ESP offering.

Stockholm, Sweden, February 9, 2012 – Neonet, the independent execution services provider, today announced that E. Öhman J:or Securities Finland Ltd has entered an Execution Service Provider agreement to support its trading operations. The deal was booked in Q4 2011.

The Neonet ESP solution allows Öhman Securities Finland to trade in their own membership on the firm's primary market, and in Neonet's name on all secondary markets where Finnish stocks are traded and at the same time lower their operational cost. Öhman securities clients will benefit from improved execution quality as a result of Smart Order Routing technology, alternative market access, and strict quality control.

"As a broker in the current financial markets with intense competition, we are constantly seeking outside the box solutions to stay competitive," said Vesa Tyrisevä, Partner, Öhman Securities Finland. "Neonet's flexible offer allows us to maintain membership at our primary market, while we also get access to Neonet's quality execution and broad connectivity to secondary markets, a solution that perfectly suits our current needs."

"We are very happy to see that Neonet's services for the sell-side are gaining market approval, and it is rewarding that we are Öhman's first choice," said Carl Johan Wallin, Global Head of Sales, Neonet. "By offering both execution quality and operational simplicity, Neonet facilitates growth opportunities for clients like Öhman Securities."
