

## Company Announcement

Copenhagen, 1 August 2013

# ISS completes sale of Nordic damage control activities

Today, ISS advises that it has completed the sale of the Nordic damage control activities in Norway, Denmark and Finland to funds advised by Agilitas Partners LLP, a pan-European mid-market private equity firm. The sale was announced 9 June 2013.

Henrik Langebæk, CFO for ISS Europe and Head of ISS Carve-Out, said:

*"We are pleased that we have successfully closed the sale of our Nordic damage control activities. We have made this divestment as part of our continuing streamlining and strengthening of the activities which are core to our business platform. Agilitas is now the new owner of our Nordic damage control activities, and we have agreed a partnership whereby Agilitas will provide damage control services to our Integrated Facility Services customers where relevant."*

For ISS the divestment is a consequence of the strengthening of the strategic focus in the affected countries. The proceeds from the divestment will contribute to the continued deleverage of ISS by repaying outstanding debt.

The parties have agreed not to disclose the terms and conditions of the transaction.
