NOTE adds VP Sourcing to group management

Markus Norrbom has worked on sourcing within NOTE since 2005. He is currently responsible for NOTE's central sourcing function, and now joins group management.

"We have a clear focus on sharpening our competitiveness and increase our profitable sales growth. As part of this, we put a lot of efforts in rationalising our cost side. In parallel, we're implementing a business-specific ERP system across the group's units to harmonise internal processes, also within the purchasing and sourcing area. Appointing Markus into group management is a natural step in this process," commented Stefan Hedelius, NOTE's CEO & President.
