

Press release  
Lund 2016-08-11

## Nexam Chemical presents the second quarter 2016 in a telephone conference on August 18 at 11:00 CET

Nexam Chemical will publish the interim report for the second quarter on August 18, 2016 at 08:00 CET. The report will be available at [www.nexamchemical.com](http://www.nexamchemical.com).

In connection with the release of the interim report analysts, investors and media are hereby invited to a telephone conference and audio webcast at 11:00 CET where Anders Spetz, CEO will present and comment the report.

The presentation will be held in Swedish via a conference call or audio webcast at <https://wonderland.videosync.fi/2016-08-18-nexam-chemical-q2-report>

**Phone number for the conference:**

Sweden: +46 8 5664 2690

UK: +44 20 3008 9803

No pre-registration is required. Please dial in 5-10 minutes prior to the scheduled start time in order to facilitate a timely start. In connection with the conference, it will be possible to ask questions directly or via e-mail.

*Note: This press release has been translated from Swedish. The Swedish text shall govern for all purposes and prevail in case of any discrepancy with the English version.*

**For further information please contact:**

Anders Spetz, CEO, +46-703 47 97 00, [anders.spetz@nexamchemical.com](mailto:anders.spetz@nexamchemical.com)

This information is information that Nexam Chemical Holding AB is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact person set out above, at 15:00 CET on August 11, 2016.

**About Nexam Chemical**

*Nexam Chemical develops technology and products that make it possible to significantly improve the production process and properties of most types of plastics in a cost-effective manner and with retained production technology. The improved properties include strength, toughness, temperature and chemical resistance as well as service life. The improvements in properties that can be achieved by using Nexam Chemical's technology make it possible to replace metals and other heavier or more expensive materials with plastics in a number of applications. In applications where plastic is already used, Nexam Chemicals products can improve the manufacturing process, reducing*

*material use and enable more environmental friendly alternatives. Example of commercial applications: pipe manufacturing, foam production and high-performance plastics. More information about the business will be found on [www.nexamchemical.com](http://www.nexamchemical.com). The company's Certified Adviser is FNCA Sweden AB.*
