ADDvise receives allocation decision from Region Skåne worth 1.7 MSEK

ADDvise subsidiary ADDvise Tillquist AB has received an allocation decision from Region Skåne to deliver large low temperature freezers and low temperature freezers designed to reduce energy consumption. The freezers will be used for storage of human samples collected at -80°C in Region Skåne for research, care and treatment. The allocation decision also includes installation of the freezers and staff training. The order amounts to 1.7 MSEK.

- It is gratifying to see that our investment in instruments and equipment for research facilities and healthcare continues to yield results, says Rikard Akhtarzand CEO of ADDvise Group in a comment to the allocation decision.

The agreement has a standstill period until October 24. Not until then ADDvise Tillquist AB has the right to sign the agreement with Region Skåne.
