

Solutions pour les Nouvelles Technologies

Linky smart meter contract win

SOLUTIONS 30 has been selected by French public electricity distribution network ERDF for the installation of new Linky smart meters. The company's contract covers the installation of 30% of the total volume of smart meters following ERDF's first European call for tenders. Spread over five years, rollout will start on December 1, 2015 in 22 areas throughout mainland France.

These consultations were issued in early summer 2014 as part of the ambitious program to replace 35 million meters in France. Having awarded the contracts for manufacturing the meters, the next step for ERDF was to select its installation partners.

Commenting on this major contract, Gianbeppi Fortis, Chairman of the Executive Board of SOLUTIONS 30 said: "We are very proud to have been selected by ERDF and for its confidence in SOLUTIONS 30's capacity to help it realize the rollout of the LINKY program.

Our teams have been working hard on this project and will now embark on the active rollout stage. This important win reinforces our unique positioning in the deployment of new digital technologies in the main countries of Europe."

Next key dates:

Week of July 27, 2015: First half-year sales 2015

About SOLUTIONS 30

The SOLUTIONS 30 Group (ex PC30) is Europe's leading provider of solutions for New Technologies. Sa mission est de rendre accessibles à tous, particuliers et entreprises, les mutations technologiques qui transforment notre vie quotidienne: hier l'informatique et Internet, aujourd'hui le numérique, demain les technologies qui rendront le monde toujours plus interconnecté en temps réel. Fort de plus de 7 millions d'interventions réalisées depuis sa création et organisé autour d'un réseau de techniciens de proximité, Solutions 30 couvre actuellement la totalité du territoire en France, Italie, Allemagne, Pays-Bas, Belgique et Espagne.

Solutions 30 is listed on the Alternext market - ISIN FR0010263335 – code ALS30, eligible for the PEA-PME share savings plan, and on the Frankfurt stock exchange (ISIN FR0010263335 – code EO2)
