

Company announcement no. 6/2009**29 May 2009****Clarification of FirstFarms A/S' assumptions for the expectations in 2009**

On 28 May 2009, company announcement no. 5/2009 was published where one of the assumptions wrongly was given:

"A production of 22 million kg milk is expected. The average settlement price is expected to be DKK 2.09 per kg. A change in the milk price with 10 percent will entail a change in EBIT of DKK 5 million."

Instead, the assumption shall be as follows:

"The average settlement milk price in second half of 2009 is expected to be DKK 1.99 per kg. A change in this price with 10 percent will entail a change in EBIT of approx. DKK 2 million."

The other assumptions given in the announcement are correct.

Best regards

FirstFarms A/S
