## **Wirtek Mobile Academy appointed as Global Training Partner for Microsoft Business Solutions**

*Today, Wirtek announced that its Wirtek Mobile Academy has been selected as the global partner to provide training for Microsoft partners for the Microsoft Dynamics Mobile Development Tools and Microsoft Dynamics AX Mobile Sales application.*

Wirtek Mobile Academy will be responsible for training partners in the new mobile offering for Microsoft Dynamics. This will ensure access to the most recent knowledge and state-of-the-art training for Microsoft's partners that want to take advantage of mobile technology.

### **Strengthened Services to Partners**

Wirtek's training program offers Microsoft partners additional support when engaged in or pursuing new opportunities within the area of mobile business management solutions. Microsoft chose Wirtek because of their approach to training and vast experience within mobile technology.

"Wirtek has a team of highly skilled software developers that we've already had the pleasure of working with in the development of our mobile solutions. Wirtek's extensive mobile technology experience with leading multinational companies from the telecommunication industry gives us an excellent infrastructure for supporting our partners. Mobile applications provide a number of opportunities for our partners and this training program will help them develop the right skills to take advantage of those opportunities" says Bjarne Schøn, Product Unit Manager of Mobile Applications Group at the Microsoft Development Centre Copenhagen.

The vision of Wirtek Mobile Academy to become a global training center within mobile technology and Microsoft Business Solutions' vision of mobilizing Microsoft Dynamics' business management solutions can generate a lot of synergies and deliver great opportunities for Microsoft's partners around the world.

Wirtek also expects that the global partnership with Microsoft will create significant business opportunities for the company.

"Enterprise mobility is a fast-growing market worldwide. Working together with Microsoft to accelerate the support of the Microsoft Dynamics Mobile Development Tools and Microsoft Dynamics AX Mobile Sales globally is a great opportunity for Wirtek and we are fully committed to ensure a successful and profitable partnership with Microsoft," says Michael Aaen, Managing Director of Wirtek.

Wirtek has already invested and will continue to invest significant resources during fiscal year 2007 in establishing Wirtek Mobile Academy. This major investment is expected to contribute significantly to Wirtek's revenues from fiscal year 2008 and become profitable from 2009.

### **Wirtek Mobile Academy**

Wirtek Mobile Academy has an obligation towards Microsoft to deliver highly professional training on the mobile solutions for Microsoft Dynamics. A knowledge cycle between the Microsoft Development Center Copenhagen and Wirtek Mobile Academy ensures a continuous flow of skilled trainers with hands-on experience.

**About Wirtek**

Wirtek is a hi-tech software development house with core competencies within mobile communication. Wirtek was established in 2001 by former Nokia employees with a profound insight into the technologies of the mobile IT industry. Its list of accounts includes multinational companies such as Nokia, Microsoft and Texas Instruments. Wirtek is a publicly traded company on First North, part of the OMX Nordic Exchange.

During spring 2007 Wirtek established Wirtek Mobile Academy with the purpose of meeting existing and future needs of training software professionals within mobility.
